Classification & Pay Branch

Buenas yan Hafa Adall! For the past several years, the Guam Police Department (GPD) has been faced with many challenges affecting operational and administrative objectives. However, with innovative leadership and dedicated employees, GPD continues to move forward in providing quality police services to our community. Despite these shortfalls, each member of our astute organization, both in the uniform and civilian capacity, remains committed to serving our community. Having said that, your guidance and support is requested in the creation of a "Police Armorer" position which is unique to GPD. At this point in time the GPD provides this service by those personnel assigned to the Armory Section.

Historically, the Guam Police Department has predominantly provided Armorer duties for the community of Guam, inspecting and ensuring compliance with laws governing the condition of firearms being legally owned and registered. Additional Armorer duties, such as reviewing the GPD's policies on the use of firearms, are also being performed within the Armory Section to ensure compliance with federal and local laws.

A myriad of other duties include, but are not limited to, providing recommendation to the Chief of Police on policy directly focused on the feasibility and use of many makes and models of firearms in the department's arsenal; inspecting, diagnosing, repairing and servicing firearms for both sworn and non-sworn law enforcement personnel; performing inventory controls on all weapons; performing routine maintenance on police weapons and

maintaining accurate records; ordering and maintaining inventory and storage of weapons, ammunition, gun cleaning supplies, targets, range apparatus, and safety equipment; and many other duties which focus on the safety of department personnel and the community alike.

In consultation with the Guam Police Department's Personnel Officer, the creation of a "Police Armorer" position is a concept that is greatly needed to give recognition to these duties currently being performed in a genuine effort to provide service to our community. To expedite this process, enclosed are the following supporting documents:

- 1. Proposed Job Specification**
- 2. Position Description**
- 3. GPD Organizational Chart**

I certainly intend to justify the creation of this position within the Guam Police Department in order to meet the many needs of our personnel and, more importantly, the needs of our great community.

We would very much appreciate your prompt attention and assistance to this matter.
Dangkulo na si Yu'os ma'ase!

Sincerely,

JOSEPH A. CRUZ
Acting Chief of Police
